## 1 Typos and Glitches

**Data** In the data for this book I managed to provide two different data sets for ashes, differing in how groups were allocated. With one I made the first histogram, with the other the table. Accordingly the table should look like this:

Group 1	Group 2	Group 3	Group 4	Group 5	Group 6	Group 7	Group 8	Group 9	Group 10
38	37	40	51	12	59	59	96	25	46
51	41	77	38	74	50	45	52	70	58
32	79	46	61	17	44	71	59	54	35
53	37	46	20	41	31	68	48	21	67
37	46	48	56	28	20	38	43	60	26
85	42	64	19	35	28	94	49	47	29
64	44	49	44	92	70	45	66	79	79
68	44	49	39	50	38	22	92	35	30
58	60	36	37	24	22	47	71	41	58
84	46	44	49	17	87	54	74	31	42

Thanks to Mansour Mesdaghi and Joana Ries for reporting!

## 2 Content-wise irrelevant improvements

**Section 2.4.1, first line of text:** Missing reference to Fig. 2.7. Thanks to Mansour Mesdaghi for reporting!
